

LABELING SOLUTIONS

Iconex™ Receiving and Putaway Labels

Drive supply chain efficiency and enhance receiving, routing, rework, cross dock and inventory control distribution processes

Iconex can help reduce total cost by offering a variety of high performance stock and custom label solutions that optimize processes, eliminate rework and make day-to-day operations seamless.

Direct Thermal/Thermal Transfer

Stock and custom labels are produced with high quality materials for crisp, consistent, dark images. Iconex works with customers to understand the application environment by matching facesheet and adhesives selection for optimized performance.

Preprinted Barcodes

Custom or standard sequentially numbered barcodes are available with optional specialty ink formulations and top coat laminating processes to improve ink durability and life. All barcode labels are inspected to ensure 100% scan rates.

Receiving Alerts

Ideal for warehouse and distribution environments, Iconex direct thermal and thermal transfer receiving labels are long lasting and display clear instructions, warnings, or calls for attention to personnel to receive and process packages efficiently.
