

LABELING SOLUTIONS

Iconex[®] Liner-Free Zero

Drive sustainability, boost operations, and skip the landfill

Iconex liner-free labels eliminate the liner from traditional shipping labels, reinvent shipping operations and create an eco-friendly solution that optimizes material use, drives efficient operations, and reduces environmental impact — one roll at a time.

Benefits:

- Zero landfill
- 40% more labels on every roll
- Optimizes and streamlines operations
- Reduces overall carbon footprint

Premium print quality and durability

- Optimized for data clarity and barcode resolution.

High performance permanent adhesion

- Staying power from dock to door.

Liner-free with print-to-size flexibility

- Streamlines labels used and reduces waste.

Seamlessly print and apply

- Innovative adhesive and dry edges enhance clean cut, feed, and jam-free dispense.

100% liner waste elimination is now a reality for high volume shipping operations

Sustainable, operationally efficient, and designed for performance in industrial and auto-applicator applications, liner-free jumbo rolls are compatible with 8" OD industrial table top printers and up to 12" OD auto-applicator units. Standard 5" OD rolls are also available.

9023-2730	Iconex Liner-Free Zero	4" x 400'	1" ID, 5" OD	8 Rolls/Ctn
9023-2740	Iconex Liner-Free Zero	3" x 725'	3" ID, 8" OD	4 Rolls/Ctn
9023-2741	Iconex Liner-Free Zero	4" x 725'	3" ID, 8" OD	4 Rolls/Ctn

Environmentally friendly with zero waste supports Corporate Social Responsibility (CSR) goals

As part of efforts to implement strategies that reduce environmental impact and waste, Iconex liner-free labels completely eliminate waste and offer a unique solution for all companies that work with CSR and environmental and safety standards.

Benefits:

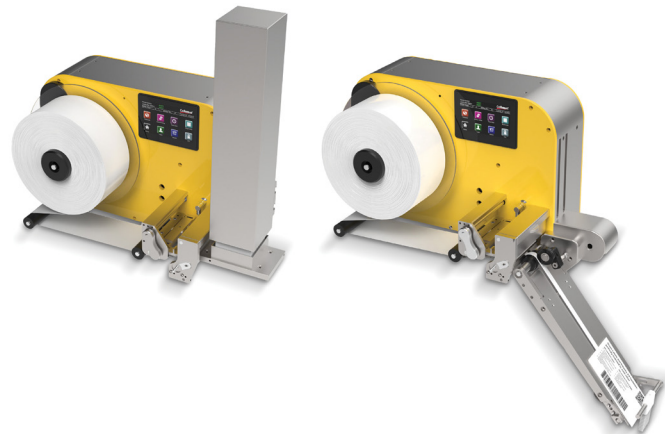

- No waste because 100% of the label material is used.
- Significant reduction of CO2 emissions and carbon footprint.
- 50% fewer trees harvested protects the environment.

Innovative liner-free print technology reduces CO2 emissions and tree harvesting

Collamat Linerfree® print technology prints, cuts, and applies labels directly to packaging which drives shipping operational efficiency. Available in swipe and tamp applicator methods with print speed of up to 8ips, labels are applied quickly and securely.

Facts:

- On average, 50-60% of the material used to produce traditional labels ends up in landfills.
- Deforestation and forest degradation are responsible for around 15% of all greenhouse gas emissions.

Iconex is the premier provider of innovative receipt and label solutions that power commerce around the world. As the industry leader for more than 130 years, Iconex helps companies optimize their business processes to drive efficiency, productivity, sustainability, and customer satisfaction. Building upon our unique tradition of innovation, we anticipate trends, develop timely solutions, and help solve new business challenges.
