

Iconex Sticky Media™ Weigh Scale

Drive efficient and sustainable labeling of prepared and made-to-order foods

Iconex linerless thermal labels accelerate and optimize product prep and seal processes by utilizing print-to-size labels that eliminate excess material and liner waste.

Benefits

- Variable print length lowers overall label consumption
- 40% more labels on every roll
- Simplifies inventory demand for multiple label sizes
- Cold case and freezer friendly
- Reduces freight costs by up to 50%
- Sustainable and environmentally friendly

Quickly process and complete transactions with an eco-friendly solution that boosts operational efficiency and sustainably lowers carbon footprint and environmental waste.

Premium print quality and durability

- Optimized for data clarity and barcode resolution

High performance, freezer grade permanent adhesion

- Staying power from store to door

Seamlessly print and apply

- Innovative adhesive and dry edges enhance clean cut, feed, and jam-free dispensing

Part #	Size (W x L)	Service Temperature	Labels/Roll	Rolls/Case
