

## LABELING SOLUTIONS

# Iconex Sticky Media™ Extreme

## Efficiently identify food freshness in the kitchen and on shelf

Iconex Sticky Media Extreme labels designate critical freshness and expiration information.

### Inventory

Food freshness management starts at delivery. Iconex inventory control solutions are suitable for all storage environments and a wide variety of packaging materials to provide easy tracking.

### Ingredients

Ensure continued freshness when ingredients are prepped. The Iconex solution captures the freshness criteria critical to quality (ie. time, date, expiration) into a pressure-sensitive label. With clear and consistent freshness information displayed, reducing spoilage and waste is easy.

### Prepared Food

Iconex solutions enable retailers of fresh prepared foods to visually entice and attract customers with more than just a price tag and sell by date. Highlighting nutritional information or special offers on the label enhances the consumer experience.
