

LABELING SOLUTIONS

Iconex® Preprinted Barcode Labels

Iconex preprinted variable barcode labels make your warehouses and stores run better

Even in today's digital market, print is essential to success. And whether you run a warehouse, distribution center or a retail store, you want more efficiency from your labels to keep processes running smoothly.

We've specialized in innovative labeling solutions for more than 30 years, so if you want your labels to do more for you, do less by putting things into our hands. Our preprinted, variable barcode labeling solutions will ensure you have all the data you need to track your inventory and assets, anywhere, anytime. We will work with you to understand your labeling needs and provide end-to-end solutions so that you have fewer steps in your supply chain management process.

How do we do this? First, we design labels that fit your precise data requirements. Then we print impeccable barcodes on our state-of-the-art labeling presses and conduct an inspection to ensure uniqueness and 100% scan rates. So let our experts support your business by minimizing the work required at your site and providing greater efficiency for operators.

Iconex is the world's leading provider of innovative label solutions that create value for our customers by improving operational efficiency. Our highly differentiated label solutions target specific markets and solve business process problems by utilizing our extensive R&D resources, patent portfolio, and best-in-class manufacturing. Building upon our unique tradition of innovation, we anticipate trends, develop timely solutions, and help solve business challenges. This information is subject to change without notice. Product Range

Variable printing

Asking your employees to multi-task to keep up with the fast flow of your business environment can make your internal processes more complex and less efficient. Outsourcing your variable printing needs to Iconex will free up time. Your employees will no longer have to deal with the hassle of managing number streams and printing so that they can concentrate on what they do best. And you will realize savings as you take printers out of docks and bays and reduce your consumables spend.

Outstanding print quality

Iconex's labeling presses deliver the highest quality, variable barcode printing possible. With Iconex, you can be confident that our print technology meets your demands with sharp, crisp text and 1D and 2D barcodes at 300 dpi quality or better.

Unique barcode inspection

Whether your labels use standard sequential numbering or more complex numbering systems with algorithms, the Iconex barcode inspection system verifies any combination of linear, matrix and stacked codes to ISO print quality standards. Misreads due to broken letters, skews, smears, spots, voids, wrinkles and other print quality defects will no longer affect the flow of your processes. And you will be able to rely on your labels to communicate accurate data where and when you need it.

Features

- Label types: asset barcode tags, batch numbers, ID number labels, inventory labels, security barcode labels, tool tracking, warehouse labels, warranty barcode labels
- Capabilities to support 1D and 2D preprinted barcodes
- Unique barcode inspection system assures 100% scannability
- Permanent adhesive suited for common environments
- Substrate compatibility: corrugated boxes, industrial plastics and metals
- Wide array of substrates for permanent and on-permanent assets
- Finishing methods: sheets and rolls

Benefits

- Outsourcing label printing logistics frees time for more value added activities
- Eliminate printers and supplies needed to print labels
- Eliminate the need to manage the barcode numbering system
- 100% scan rate eliminates exception routing of misread barcodes
- Labels meet ISO print quality standards ensuring the highest possible quality
- Inspection system verifies any combination of linear, matrix and stacked codes
