

Iconex rE-label™ Pharmacy Solutions

Easily re-stock, re-use and re-new pharmacy prescriptions with no risk to patient confidentiality

Iconex rE-label is an innovative solution that enables pharmacies to protect patient information and secure health data critical for compliance with HIPAA regulations. Complete removal of the patient information makes it easy to re-stock, re-use and re-new dispensed prescriptions or recycle customer returned vials.

rE-stock. rE-use. rE-new.

- Premium Rx grade environmental and chemical resistance.
- Patient information is removed completely.
- Re-news pharmacy packaging to original state.
- Removal process is fast, easy and pharmacist friendly.
- Re-use and re-stock dispensed prescriptions efficiently.
- Accept customer vials for recycling.
